

YouthCity Artways Class Information Sheet

Thank you for registering for a YouthCity Artways class. We hope you have a fun and educational time learning about and making art with other people in your community.

Here are a few things you should know about our classes:

- YouthCity Artways classes are taught by teaching artists who bring their own style to their classes. Although class titles may be the same at different sites, they may or may not be taught by different artists. Please call our office if you have any questions about specific teachers or classes.
- Please arrive to class on time. This will minimize disruptions and make for a more successful class.
- Consistent attendance is very important to class success. Participants benefit from collaborative and sequential learning. In addition, waitlisted participants are often unable to join a class later in the session if someone else attends inconsistently. If you are unable to make a commitment to the entire class, please wait and sign up for another that works with your schedule.
- In order to effectively operate our classes we require sufficient enrollment. In the event that a class needs to be cancelled, a staff person will call and let you know on the first day of the session.
- If you have a child with special needs, please call our office to let us know so that we can make any needed accommodations.
- In the weeks before the session starts, you can check enrollment by calling our office at 535-6500. If enrollment is low, please spread the word to your friends and neighbors.
- To be most effective, Parent and Child classes require parent participation. The focus of these classes is parent and child interaction and bonding. If you are in a Parent and Child class, please do not leave your child unattended. If you have friends or acquaintances in the class, please spend time with them outside of class time.
- YouthCity Artways teachers will be at a site from class beginning to end times. Teachers cannot supervise students outside of those times. Parents/Guardians are responsible for on-time drop off and pick up. Please care for your child/children before and after class. Additionally, we ask that participants exit the classroom directly after class.
- During class, teachers will stay in the class area. Similarly, participants are expected to stay in the class the entire time. YCA teachers do not supervise youth outside of the class area. Please have your child use the restroom before class. Teachers cannot leave the class to take students to the restroom.
- Parents and guardians are invited to sit in and observe the first class of the session. However, to minimize distractions and ensure class success we ask that during other classes, parents and guardians wait outside the classroom. We also ask that if you are observing in the classroom, please turn off your cell phone. In addition, please keep children not enrolled in the class with you at all times.
- All participants in YouthCity Artways classes must be registered. This includes friends and siblings. If you have a question regarding this, please call our office ahead of time to see if we can accommodate a visitor.

Please call us if you have any questions or comments. Thank You! 535-6500
